

Subject: New Crop Insurance Tools Available for Fall-Deadline Wheat Quotes

farmdoc Subscriber:

The *farmdoc* Crop Insurance section has been modified so that quotes for wheat are now available. This includes a new Fall-deadline section which will give quotes for 2009 wheat. The Spring-deadline section will continue to give quotes and information about 2008. Wheat quotes are preliminary as no information to accurately quote wheat has been released by RMA. Final base prices, volatilities and price factors have not been released for wheat harvested in 2009; hence, all premium quotes are estimates.

The tools are available at:
